Maharashtra Information Technology Support Center is registered under society act 1860. We have been working for the noble cause of youth empowerment. Since 2006 our major presence is in the state of Maharashtra. Our focus is on providing job specific skills to youth as per the local & global demand of the industries. We are associated with more than 8 multi faculty universities in the state of Maharashtra, this association is through the higher & technical ministries of the government of Maharashtra. Our motto is to provide value added skilled human resources. Along with developing entrepreneurial skills among the youth. We are working with government of India & government of Maharashtra to implement their various schemes & programmer related to skill development empowerment of youth. Our efforts & initiatives in this field will be ultimately useful for national development with national productivity. During this span of a decade we have provided services to more than 33 thousands youth in 8 universities covering are of 36 districts.

We are efficiently implementing the schemes & programmes with the help of network of more than 100 youth welfare centers. We are playing catalytic role in collaboration with more than thousands industries by providing them human resources & at the same time providing employment to the youth. Our activities & programmes are multidimensional; presently we have focused on 8 sectors in the skill development programmer. With a balance view with gender sensitivity approach. We are empowering Self Help Group (SHG) of human, focusing on the sectors like IT, Apparel making & Bakery Product. We have well defined, useful future plans for the corporate world & the academic institutes to provide various special services for quality enhancement in the higher education & corporate management. Our target for the next 10 years is to train 1 lac youth including under graduate, graduate & post graduate at the same time we are going to provide special attention for youth.

VISION

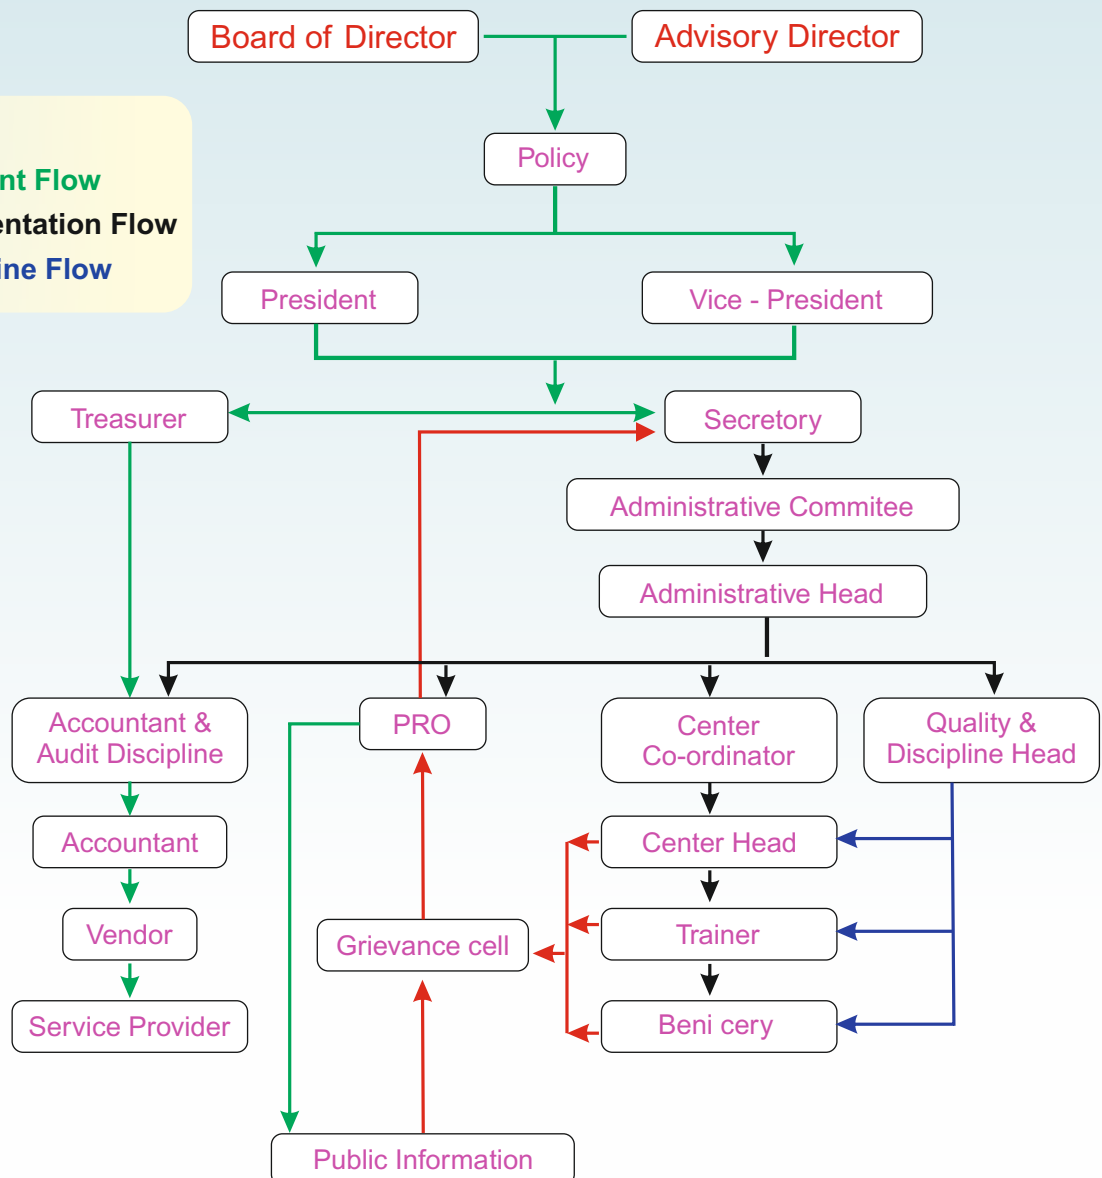

Empower youth an increase the employability capacity through non-conventional skill development and create a social economical standard and stables living standard of their family.

MISSION

Mission We will create end to end implementation setup to develop skill and qualities of youth as per requirement of industry and corporate sector and give better solution to government to implement their various scheme about youth.

Message from Director

"Maharashtra Information Technology Support Centre is consistently working since the last 17 years, in the areas of skill development for the youth and is also implementing various programs with the motives for assisting women, senior citizens and economically weaker sections. The organization's directors and consulting members have been consistently making decisions and planning unilaterally for the interest of the society, through various programs. It has been a pleasure to me, to have been blessed with the opportunity for the implementation of these projects and contribute my share. All the managing officials, office bearers, employees, all the teachers working in various departments, non-teaching staff, well-wishers who are consciously and consistently working for the achievement of best interests of the organization and have lend their hands, helping us to fulfill our responsibilities efficiently, with their cooperation. The response and participation actively reflected by the components of the society that we work with has been a powerful fuel for the motivation behind growth of the organization .I would like to express a deep sense of gratitude for the eager and anticipated participation of all our cooperators, wishing that they will continue to bestow their blessings to the organization which has been like a family to work with.

Looking at the amplitude & comprehensiveness of the present efforts and work of the organization, it is herculean to include all of them and present it in the annual report of the organization, & hence the endeavour has been made to include and present selective things. The programs which are needed to be showcased at national level and state level get prominence in such reports. Although we value each and every program, achievements and contributions, it is likely that the mention of few individuals, organizations, and programs etc. might have got skipped in the present report and we acknowledge such possibility, but I am sure that you all will admire such crispness whole heartedly. I will ensure that the objectives set by the organization for the coming years are met with maximum capacity, agility and dynamism and assure that the responsibility entrusted to me shall be executed with utmost sincerity and with sense of urgency & most faithfully.

The organization is grateful towards the colleges which have showed concern and enthusiasm to work and cooperate with the organization. With the cooperation of our staff, our teachers, Principal promoters, Regional Coordinators, District Coordinators, College Coordinators, and everyone pouring their heart in the project, we hope to be able to create a change in the system and create a better economy and society with opportunity for every hardworking pupil. The project has acted like one connecting link between all the like-minded and active colleges, and helped them to improve by looking at examples of other colleges with developed infrastructure, through college visits and workshops. We, through this project have brought a change to the education system, where institutes instead of competing with each other, are walking together towards one sole aim to create better infrastructure for students. The students have also actively participated, and the project has been directed solely towards their demands and requirements, to provoke their views and energy into this movement towards development. We hope to grow more, grow larger, and receive more of your coordination, to steadily work towards our grand goal of development. Once again I extend my sincere thanks and best compliments to one and all !

OUR PROJECT

"Career Katta" has been a prominent project in the center of all efforts of the organization since the past few years. The aim of this project had been to support the education system across the state for better opportunities through quality education for the young students. The project has been working consistently to fill the gap between industrial requirements and lack of skill development in college students. "Career Katta" has also been working to provide college students from Maharashtra, who aspire to contribute to the country through administrative services, banking services etc. with required resources and training at affordable prices. It has not only helped to make students capable of being better employees, but it has also focussed on creating better employers through entrepreneurial development in students by helping them with resources like guidance from technical personalities, industry leaders and other highly valued professionals, and with required infrastructural conditions like incubation centers, financing etc. The colleges around Maharashtra have been highly important to the work and have contributed the most for the development of the youth.

"Recitation of Constitution of India" jointly organized by National Human Rights Commission and Maharashtra Information Technology Assistance Centre. For the first time, the recitation of the Constitution of India was done online in order to make every Indian citizen aware of the rights, duties and responsibilities of a citizen described in the Constitution. We have got the tradition of giving information about life values that are essential for daily life through Parayana.

It is an essential program for people across every age group to cultivate democratic values in a society and plant the seeds of social respect towards the fundamental rights , responsibilities and duties of a citizen. This was done through an online interpretation of the Indian Constitution in collaboration with Hon'ble Dr. Dhanraj Vanjari, Retired Assistant Commissioner of Police, Literary and Scientist of the Constitution.

वृत्तवेध स्पर्धा परीक्षेच्या तयारीसाठी

In association with Department of Higher and Technical Education Department of Maharashtra State and Maharashtra Information Technology Assistance Center, under the initiative of Career Katta, on the occasion of Amritmahotsav of Independence Day, a program named "Vruttedha: Chalu Ghadamodi" was inaugurated.

The initiative focused on helping the students preparing for competitive exams, with detailed and consistent study and analysis of daily news and newspapers, for helping with their general knowledge study. This unprecedented initiative by Bhagyashree Vathare (Competitive Exam Guide, Trainer Yashda Pune) was organized through YouTube live dialogue.

IAS आपल्या भेटीला

IAS Aaplya Bhetila, was a project launched under 'Career Katta' by Maharashtra Information Technology Support Center in Collaboration with Department of Higher and Technical Education of Maharashtra state. The organization and the higher authorities of the state saw this initiative that would give direction to the energetic and enthusiastic youth of Maharashtra, a large part of which is excited and ambitious about serving as a Civil Administrator, Police Officer, or any other administrative job in the bureaucracy. But the institutions in Maharashtra have failed in providing adequate help to such youth, so most of the youth can either not afford taking such classes, or have to leave the state for it. But the development of online education infrastructure, we saw an opportunity to meet the requirements. In association with the Department Of higher and Technical Education, the project IAS Aaplya Bhetila , was launched. Under this project, the students would get access to quality education from best professionals Across the state and getting to interact with the various administrative officers of the state to help them with the guidance, live online on the platform of "Career Katta" App. This course reached the students, with the fees of Rupees 365 for 3 years, with a subscription based system. It is an initiative that has succeeded and we hope sees more success in implementation and grows into a movement of creating the next generation of responsible administrators of the country.

उद्योजक आपल्या भेटीला

With the Motto of "Not just search for employment, But to create it", Career Katta, launched the course, "Entrepreneur Aaplya Bhetila". This is a subscription based course available on the platform of "Career Katta" App, at the fees of Rs.365 per 3 years. Under this course the students get access to interviews of successful entrepreneurs who also answer their questions, queries and share their experiences and roadmaps, through a live session. This initiative has not just been limited to the course, as with the help of The Department of Higher and Technical education Of Maharashtra State, we have been able to help colleges create and environment and infrastructure in the campus, to promote entrepreneurial ability among students, and helping them to get finances, capital, machinery and other requirements fulfilled at the campus itself, through incubation centers and etc. We have achieved great success until now and are optimistic to see more success and create unicorn company owners straight through colleges.

Add On Courses

The platform of 'Career Katta' app has been helping students with guidance on employability and entrepreneurship, through various courses. The "Add-On" Courses on the app started with the initiative of bridging the gap between lack of technical education in colleges and industrial requirements. There are more than 50 such courses with focus on developing employability skills like Communication, Computer Applications etc. which are also the main focus of the New Education Policy which has begun its implementation throughout the country. The courses on the app, will provide students with 2 credits each course, for their Academic Bank of Credits. The project will boost the implementation of NEP in the state, and with the trajectory of the success, we are optimistic about creating efficient Human Resource across the state and help increase employability with economic development.

EVENTS & PROGRAMS

Under the association of Deendayal Antyodaya Yojana - National Urban Livelihood Campaign implemented by Kolhapur Municipal Corporation and Youth Welfare Center (Kolhapur) run by Maharashtra Information Technology Support Centre, The Employment Fair was conducted at Youth Welfare Center (Kolhapur) on the occasion of Amrit Mahotsav of Independence of India. This employment fair was inaugurated by Hon'ble Shilpa Darekar Deputy Commissioner KMC. Under this campaign, the employment fair was organized to provide employment and self-employment opportunity to the beneficiaries who received skill training mainly under the activity Availability of Employment through Skill Training.

A total of 81 beneficiaries participated in this employment fair, out of which 48 beneficiaries were selected for preliminary selection and 15 beneficiaries were selected for final selection. At the same time, under "Mazi Vasundhara Abhiyan", public awareness was created by sharing information about saving and conservation of energy and water. Companies from different sectors were present at the said job fair. In this, an employment fair was organized for the recruitment of 88 posts in private establishments.

On the occasion of this employment fair Hon. Shilpa Darekar Deputy Commissioner KMC, Shri. Niwas Koli- Manager DAY-NULM, Mrs. Pranoti Shitole Secretary- Maharashtra Information Technology Assistance Center guided the beneficiaries present. Assisting this program were Mr. Vijay Talekar, Mrs. Swati Shah, Mrs. Anjani Soundalgikar and other dignitaries. The program was concluded by Mr. Rohit Sonule- Manager DAY-NULM.

EVENTS & PROGRAMS

An exhibition for the gathering of women, to develop self-help groups was organized by the Kolhapur Municipal Corporation. From October 28th to November 2nd, various products, produced by Self-help groups, of women, were made available for sale at very reasonable prices. The campaign was just a facilitation to these women who were working with effort and with renewed enthusiasm, in search of a better life after the pandemic, and celebrate Diwali this time with their own product. The brand "Sonchiraiya" had helped the produce of women get a unique identity in the market, under DAY-NULM. This helped the Self Help Groups create their place in the market.

The motive was to produce goods like gold, and make them fly around the globe like a sparrow, hence the name "Sonchiraiya" i.e. The Sparrow of Gold. It is hoped that the modern changes, new technologies and reborn businesses of self-help groups after the Pandemic Period will definitely justify the name "Sonchiraiya" in the self-help group movement, which plays a vital role in the economic development of the society.

“पूणांगिनी”

एक अभिनव उपक्रम..

एकल महिलांसाठी असणारा अर्थपूर्ण शब्द...
विवाहित महिलांसाठी अर्धांगिनी वापरला जातो..
मात्र पतीच्या निधनानंतर संपूर्ण परिवाराची जबाबदारी समर्थपणे सांभाळणारी 'पूणांगिनी' !

"Stree Ek Shaktipith" (Woman: a powerhouse), was a movement, an effort towards changing the perspective of society towards, widows. "Widow" had been a word that resonated weakness, helplessness, of women who lost their husbands. The society had always underestimated the independence of women, and had a view of total dependence of women on men. But this movement was motivated to bring a change, to make women strong, independent, and help them to make a living on their own. Historically, widowhood had been viewed as the end of everything, but we believed that women are strong, enduring, and hardworking, so much so that they can fulfill both the roles of a parent. The organization's effort was to make women realize of their inner strength and guide them towards rebuilding a life for their children. And it did so, by changing their own perspective of themselves as helpless or without support.

The organization helped them learn employable skills, or become self-employed. But it was also important to change how the society looked at them. So, under this movement, we strived for a change of perspective, by referring widows as "Purnangini" instead of the word "Vidhawa".

This small change of words lead to different image of them, making them feel confident and independent. We have worked delicately towards our vision until now, and wish to spread this spark throughout the country, and create a strong image of widows.

Maharashtra Women's Policy Awareness Program

Navratri 2021

Under the project "Mi Atmanirbhar", various activities are continuously implemented for the empowerment of women. In Navratri of the year 2020, Mi Atmanirbhar had created a program with the concept of interacting with 'Navdurga', the women of courage in our society, which independently created their own identity through creating businesses or launching movements for social causes. The Navratri of that year was celebrated by creating a spark in the common woman idea, through making them aware of such existing examples in the society. In 1994, a separate policy was formulated for women. Maharashtra was the first to formulate such a policy. The women's organizations of Maharashtra had significant participation in the planning of this policy.

The policy was designed with the objectives of improving the standard of living of women, eliminating economic, social and political inequalities and developing women as productive members of society. For the last 27 years we have been paying attention to this policy, observing its implementation. There have been changes in it over time. While studying the women's policy, we felt very fulfilled while reading it, as it was a movement which would create a much better world for us. But somewhere "has it really reached us?" was a question bothering us. There are many who have only heard about the policy, while others are completely ignorant. We organized "Maharashtra Women's Policy- Awareness Campaign" this Navratri. Experts interacted with the common folk on complete information about "Maharashtra Mahila Policy" and its current status of implementation. I hope, this innovative initiative implemented by Mi Atmanirbhar will undoubtedly be a guide for the empowerment of all of us.

महिला सक्षमीकरणात धोरण महत्वाचे : गोन्हे

हातकंगले, ता. १६ : महिलांच्या सक्षमीकरणात महिला धोरणाने महत्वाची भूमिका निभावली आहे. महिलेना समानतेचा दर्जा देण्यासाठी शासनाच्या धोरणाचे योगदान आहे. १९९४ मध्ये महिलांना संवनीमये समान हक्क दिला. प्रॉपर्टी कार्ड व इतर संपत्तीच्या कागदपत्रात महिलांची नावे आली. महिला आरक्षण हेही महत्वाचे पाऊल महिला धोरणाचेच यश आहे. असे प्रतिपादन डॉ. नीलम गोन्हे यांनी केले. 'महिला धोरणाचा जागर' या उपक्रमाचा प्रारंभ उपसभापती डॉ. गोन्हे यांच्या हस्ते झाला त्यावेळी त्या बोलत होत्या.

डॉ. नीलम गोन्हे यांनी १९९४ च्या पहिल्या महिला धोरणापासून १९९७चा शिवशाही सरकारचा महिला धोरण कृती कार्यक्रम, केंद्र सरकारचे राष्ट्रीय महिला धोरण, २००१, २०१३ या आतापर्यंतच्या सर्व महिला धोरणांचा आढावा घेतला.

त्या म्हणाल्या, "आधुनिक काळात सर्वांना सामाजिक प्रतिष्ठा मिळवून देण्याची ताकद ज्या

कृतज्ञता दिन

The Youth Welfare Centre, ran by Maharashtra Information Technology Support Centre, has been organising "Krutadnyata Din" (Day of gratitude), to celebrate the work and efforts of all the people, cooperators and well-wishers of the organisation and express gratitude to them, for their services and work to society. The Gratitude Day Ceremony was organized by the organization on January 1st, 2018 for the first time. Since then, it has been a tradition. Last year, it was attended by Assistant Charity Commissioner of Kolhapur Charitable Commission, Hon. Ad. Shashikant Harlekar, District Child Welfare Committee Member Adv. Dilshad Mujawar, Hon. Ad. Sanjay Mungale, Hon. Dr. Shivshahir Raju Raut, and all valuable contributors to the work of our organisation. The first Gratitude Day concluded with great enthusiasm. On the occasion of the first day of the new year, the ceremony was launched by watering the plants by the chief guests as a gratitude towards nature.

The ceremony has been an integral part of the organisation, which has helped us strengthen the bond with hard working cooperators that have been connected with us. The director, Mr. Yashwant Shitole, reviews the organisation's efforts of the entire year, and discusses the further vision of the organisation and it's aims, with our contributors and well-wishers, who have put their trust on us. The ceremony, awards the selfless efforts of those who worked tirelessly for the vision of a better world. WE wish to start the new year with motivation for the next step towards our goal, and with gratitude for what has been achieved. And we wish that this support to our work continues, and what has become a deeply bonded family, to grow more, and achieve more with your blessings...

REPUBLIC DAY

The Youth Welfare Centre, operated by MITSC, celebrates the important national occasions, annually, to sharpen our inspiration for the cause we have been working for. The nation is a large part of our organization's identity, and working with and for the cause of patriotism motivates us and our contributors even more. One such day, being the Republic Day, which celebrates the drafting of our Constitution, which protects the fundamental rights of every citizen and brings equality before the law. We have been eagerly celebrating this occasion every year.

On 26th January 2022, we celebrated it in the presence of Shivshahir Dr. Raju Raut, who highlighted the importance of such occasions in his speech. The director, Mr. Yashwant Shitole and Secretary Mrs. Pranoti Shitole expressed gratitude towards the attendees, and cooperators and the occasion was celebrated with tradition.

The feeling of patriotism and sharing the same equal identity of a citizen is an important value to embrace for any organization, working for the improvement of society. These events help us work with an equal feeling and goal to work towards a better nation.
